Packing 153 unit squares

Exact rational certificates | Updated 12 October 2026

Previous construction

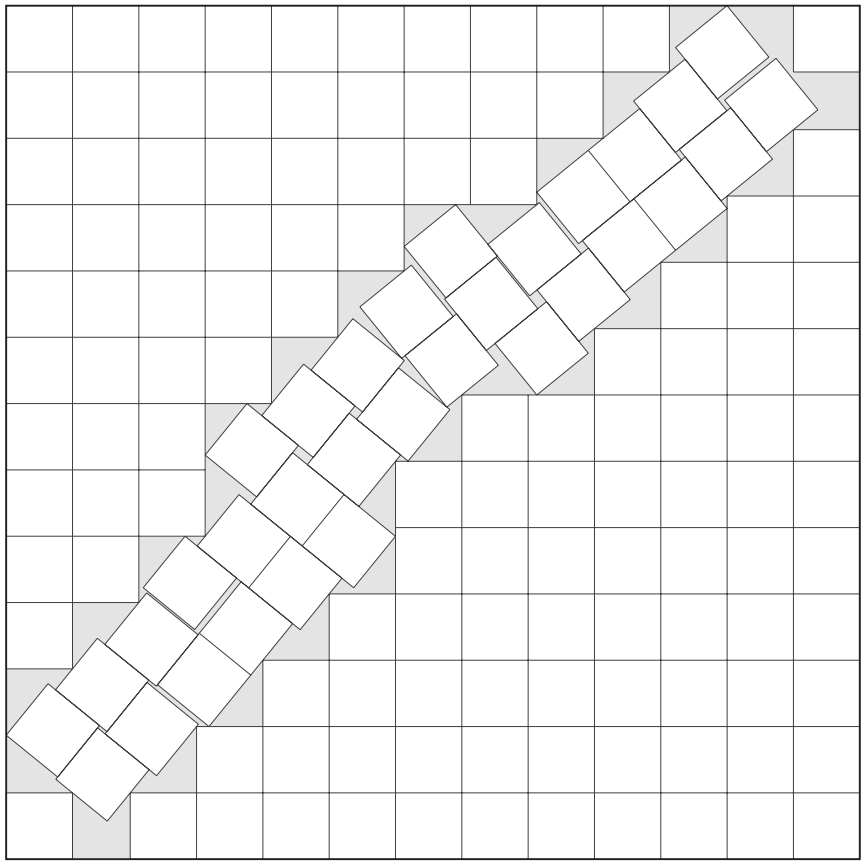

L = 12.872029849082 (rounded upward)

Nate Chaoweeraprasit / SQUISH; regularized by Evan Daniel

PingYou Ltd - refined certificate

L = 12.870013850408 (rounded upward)

Source lineage: Ryan Xu / Evan Daniel

Refined exact side: 12.870013850407034002770080892

Reduction from our original submission: 1.0000000000002E-14

Exact checks: 153 unit squares, 612 wall conditions and 11,628 pairs. The finite guard is included.

Grey denotes uncovered area. Both drawings use the same scale. The rational certificate is the mathematical witness.

A refinement of the existing construction; no claim of local or global optimality.
